GENERAL ELECTION – Tuesday, November 4th, 2014

Proposal One, An Amendment Revising States Redistricting Procedure – The proposed amendment to sections 4 & 5 of the Wyoming Constitution revises the redistricting procedure for state legislative and congressional districts. The proposed amendment establishes a redistricting commission every 10 years beginning in 2015 with two members appointed by each of the four legislative leaders and two members selected by the legislative committee on redistricting; prohibits legislators and other elected officials from serving as commissioners; establishes principles to be followed in creating districts; requires the commission to hold public hearings on proposed redistricting plans; subjects the commission's redistricting plan to a challenge by the legislature if the commission's plan is rejected twice by the legislature; provides for expedited court review of a challenged redistricting plan; and provides for funding and bipartisan staff to work for the commission. Shall the proposed amendment be approved?

Proposal One,
An Amendment

Proposal Two, An Amendment Permitting Electronic Distribution of State Legislative Bills – The proposed amendment to section 14 of Article 3 of the State Constitution would allow electronic distribution of a state legislative bill to satisfy the constitutional requirement that a bill be printed and on the desks of state legislators at least three days before the Legislature votes on it. It would establish the following requirements for electronic distribution: first, legislators must be able to review the electronically sent bill at their desks; second, legislators must be able to print the bill if they choose; and third, the bill cannot be changed electronically without leaving a record of the changes. Shall the proposed amendment be approved?

Proposal Three, A Proposition Smart Schools Bond Act of 2014 – The Smart Schools Bond Act of 2014, as set forth in section one of part B of chapter 56 of the laws of 2014, authorizes the sale of state bonds of up to two billion dollars (\$2,000,000,000) to provide access to classroom technology and high-speed internet connectivity to equalize opportunities for children to learn, to add classroom space to expand the high-quality pre-kindergarten programs, to replace classroom trailers with permanent instructional space and to install high-tech smart security features in schools. Shall the Smart Schools Bond Act of 2014 be approved?
